

# CVBB8SS

## surface mount speaker enclosure technical data sheet

### specifications: CVBB8SS

Material	20 gauge galvanized steel
Color	powder coat white
Enclosed speaker	nominal 8" (200 mm) speaker

### physical dimensions:

Outside length x width	12 7/8" (327 mm) square
Cutout length x width	12 7/8" (327 mm) square
Depth (CVBB8SS)	4" (102 mm)

### architect's specification:

All 8" ceiling speakers located in areas that require surface mounting shall use a Convex CVBB8SS surface mount back box. These back boxes will mate with speakers using Convex CVB8S or CVB8SC square baffles. These surface mount back boxes must be manufactured from 20 AWG galvanized metal having a pure white powder coat painted finish. The CVBB8SS shall measure 12 7/8" square and 4" deep.
