

# CVWR

## laminated wood equipment rack technical data sheet

### specifications: CVWR series

Material	11/16" continuous press particle board core, PVC T-edging
Color	crystal finish black melamine

### physical dimensions:

CVWR4	4U 226mm h 460mm d 522mm w
CVWR6	6U 315mm h 460mm d 522mm w
CVWR8	8U 404mm h 460mm d 522mm w
CVWR12	12U 582mm h 460mm d 522mm w
CVWR16	16U 760mm h 460mm d 522mm w
CVWR20	20U 937mm h 460mm d 522mm w

### architect's specification:

19" equipment racks shall be Convex CVWR series racks. These racks shall be made from 11/16" crystal finish black melamine, leaving no exposed hardware on the outside of the rack gables. All exposed edges must be finished with PVC T-edging for protection. The equipment racks shall come complete with 10-32 threaded EIA rack rail and must have an option for rear rack rails. Predrilled holes for mounting rack rails must accept 3/16" Euro screws. Rails mounted using wood screws are not acceptable.

### key features:

- easy assembly smart lock system
- no tools required
- ships in compact, flat package
- PVC edging will not chip

### key applications:

wherever standard 19" equipment needs to be mounted

### description:

The Convex CVWR series laminated wood racks are ideal for front of house (FOH) applications where processing and playback devices need to be mounted. The CVWR series racks use steel rails with EIA standard spacing. This CVWR equipment racks utilize the "SMART LOCK" system which ensures easy, quick assembly. These racks are made from 11/16" board with a crystal finish black melamine. The edges have PVC molding to ensure years of use without damage.

### strategically aligned hardware:

- CVBP(x) blank panels
- CVVP(x) vented panels
- CVUT(x) utility trays
- CVRD(x) rack mount drawer
- CVPDG(x) dark acrylic door with hardware
